MEMORANDUM

DATE: November 10, 1992

SUBJECT: Organic Analysis of Mobile Waste Controls.

FROM: *Michael Daggett*
Michael Daggett
Chief; Organic Section

TO: Diana Ayers
Chief; Houston Branch

Attached are the organic section analysis reports for samples 3TFADW05-01 thru 3TFADW05-05. These samples were analyzed for PCBs, pesticides, ABNs and VOAs. There was 18.3 ug/l of chloroform found in the trip blank.

This is a final report.
